About MassTech & MBI

OUR MISSION: We strengthen the competitiveness of the tech and innovation economy by driving strategic investments, partnerships, and insights that harness the talent of Massachusetts.

MBI’s mission is to make affordable high-speed Internet available to all homes, businesses, schools, libraries, medical facilities, government offices, and other public places across the Commonwealth. MBI works closely with key stakeholders to bridge the digital divide in Massachusetts.
Introduction to the RFQ

Overview

• Broadband Innovation Fund established under State ARPA Authorization – Funds must be committed by 12/31/2024 and expended by 12/31/2026

• Administered by MBI through a contract with the Commonwealth

• Will initially support two programs

MBI has structured the Digital Equity Programs to Accomplish the Following Goals

• Build Capacity and Coordination Opportunities Among Stakeholders Critical to Closing the Digital Divide

• Enable Effective and Scaleable Implementation Programs, Facilitated by Expert Partners

• Set the Stage for Future More Advanced Digital Equity Initiatives Emerging from IIJA Planning Activities

Municipal Digital Equity Planning

Digital Equity Partnerships Program
Municipal Digital Equity Planning Overview and Goals

Overview
• MBI will fund Municipal Digital Equity Planning Activities
  • Charrette Model – Similar to Municipal Vulnerability Planning Program
  • Planning Model – Similar to a Master Plan Chapter, or Economic Development, HPP, OSRP, or other topic specific planning activities.
• Will be made available for individual municipalities, but regional collaboration is encouraged.

Program Goals
• Guide municipal decision-making related to services and infrastructure that will increase access, adoption and usage of the internet for the populations most impacted by the COVID 19 pandemic.
• Prepare municipalities to submit grant proposals to existing or forthcoming state or federal programs to support digital equity activities.
