Berkshire Region Massachusetts Broadband and Digital Equity Listening Session

September 2023

Agenda

Welcome!

Introducing MBI

Statewide Planning Process

Digital Equity and Broadband in The Berkshires

Breakout Sessions

Thank You & Closing

Meeting Ground Rules

Be **fully present** by not checking your phone or computer

Know when to lead versus **creating space for others to speak**

Be open and listen to others. Even when you disagree, suspend judgment, and look for common ground.

Recognize that **we are all approaching this process with different levels of understanding and lived experiences** surrounding equity and digital equity.

01

Introducing MBI

About the Massachusetts Broadband Institute

***MBI's mission** is to make affordable high-speed Internet available to all homes, businesses, schools, libraries, medical facilities, government offices, and other public places across the Commonwealth. MBI works closely with key stakeholders to bridge the digital divide in Massachusetts.*

Investments: Tech Goes Home

Expanding the TGH program to reach learners in **Pittsfield** that will receive **digital literacy instruction, a new device**, and registration support for the Affordable Connectivity Program (ACP) – a \$30 federal subsidy for broadband service.

How to get involved?

Refer learners to partner sites via TGH Staff and [program website!](#)

Western MA Alliance for Digital Equity w/ Berkshire Regional Planning Commission

This investment will support the following key activities:

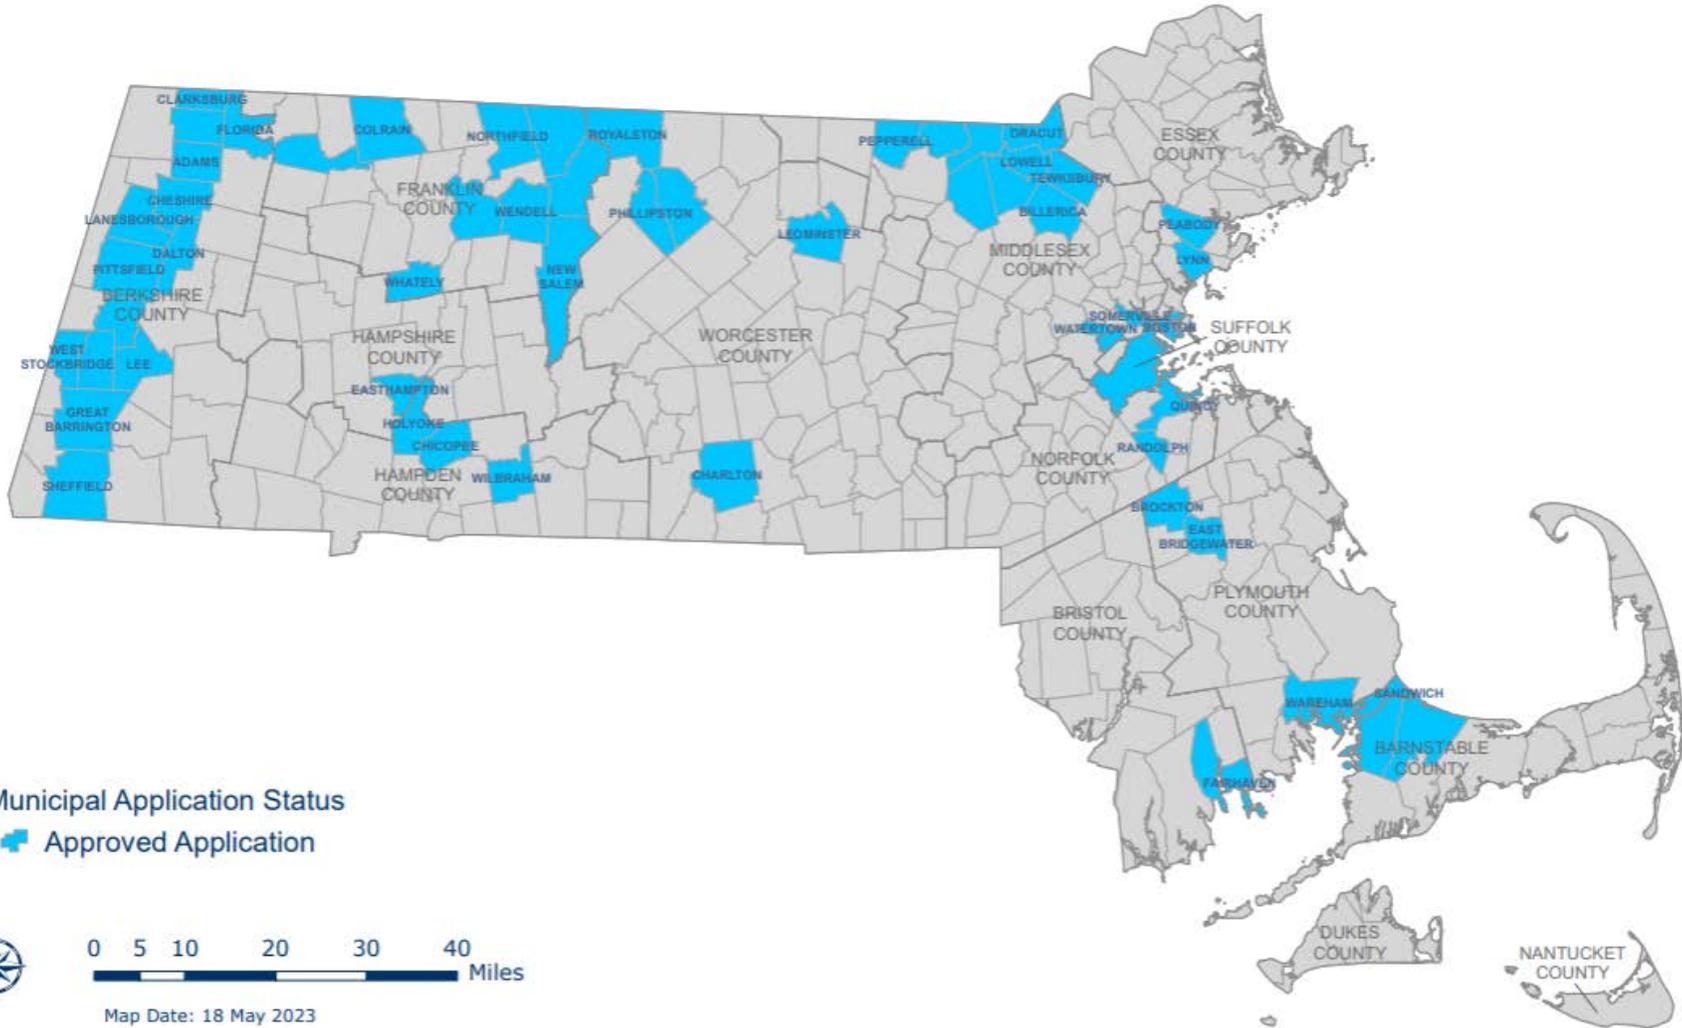

- Distribution of mobile hotspots to homeless and relocated immigrant individuals through **the Three County Continuum of Care Coalition – serving Berkshire County.**
- Expanded digital skills programs with Holyoke Community College, **Berkshire Community College**, Springfield Tech College, and Greenfield Community College that will provide digital skills training to **360 learners** from the communities served by these colleges.
- **\$500k** investment to Berkshire County to improve internet access and facilities at public spaces such as community centers, libraries, and public housing common areas through the **Berkshire Taconic Community Foundation and Berkshire Regional Planning Commission.**

How to get involved?

Statewide Planning Process

State Broadband and Digital Equity Planning

The State Digital Equity Plan will include...

- Vision and input gathered from communities across the state in the planning process
- Community-identified barriers to digital equity
- An assessment of what's working to advance digital equity
- Strategies to build on existing data, reports, and plans

How you can further shape the plan!

03

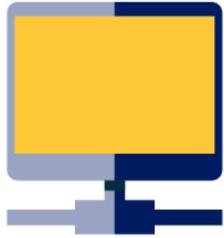

Existing Conditions

***Digital equity** is a condition in which all individuals and communities have the information technology capacity needed for full participation in our society, democracy, and economy. Digital equity is necessary for civic and cultural participation, employment, lifelong learning, and access to essential services.*

Digital Gaps in the Berkshires

Of **55,500 households** in the Berkshires...

Berkshire households with **no computer** (laptop or desktop).

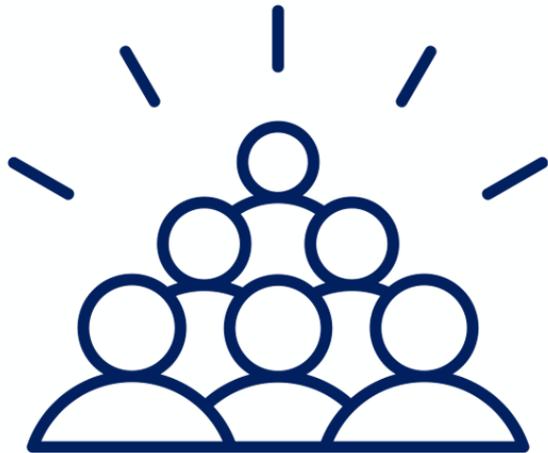

Many more face challenges with finding the support they need to use the internet safely and meaningfully.

Southeast households with **no broadband internet subscriptions**.*

These challenges have **disproportionate impact for specific population groups** depending on a range of socioeconomic, historical, and geographic factors.

* Residents with no broadband access (cable, fiber optic, or DSL) in their household. **Source:** U.S. Census Bureau

Statewide Survey - Preliminary Findings

Total Responses x Region

Covered Population Responses the Berkshires

Region	Responses	Target	Covered Population	Responses	Target
Pioneer Valley Region	821	307	Aging Individuals	455	18
Greater Boston Region	1,091	1,085	Veterans	54	3
Cape Cod & Islands Region	828	112	People of Color	211	6
Southeast Region	1,101	608	Households with Limited English**	10	0
Northeast Region	1,034	455	Individuals with Disabilities	115	8
Central Mass Region	175	378	Low-Income Households	86	9
Berkshire Region	918	55	Residents in Rural Areas	707	37
Unknown	62	-			
Total	6,030	3,000			

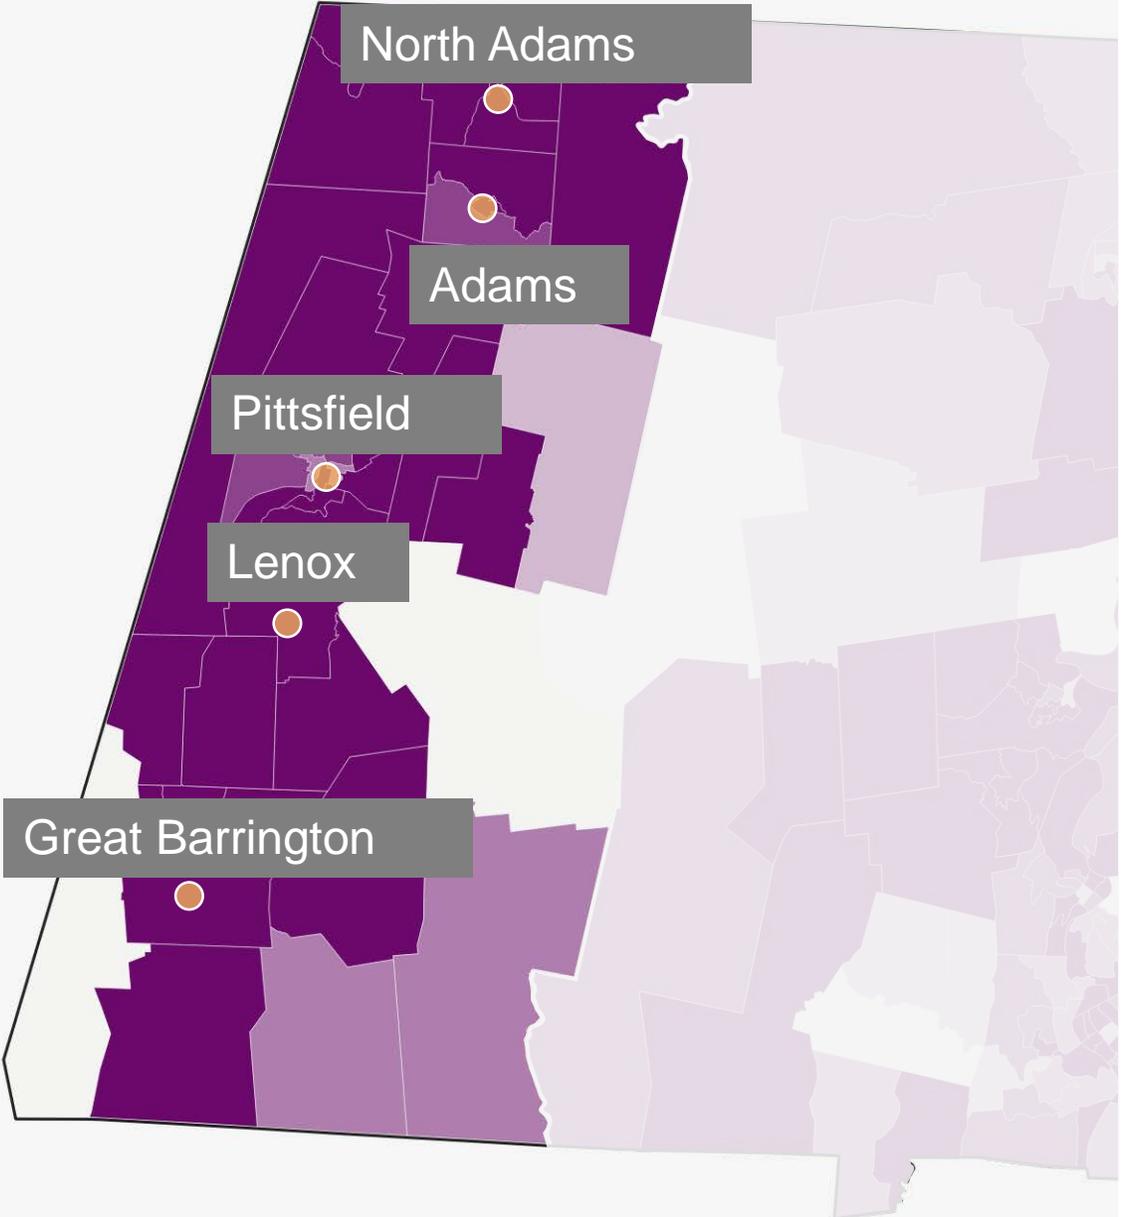

**Response numbers are updated as of Wednesday, 9/13, 12pm.*

*** This is an estimate based on the number of non-English surveys submitted.*

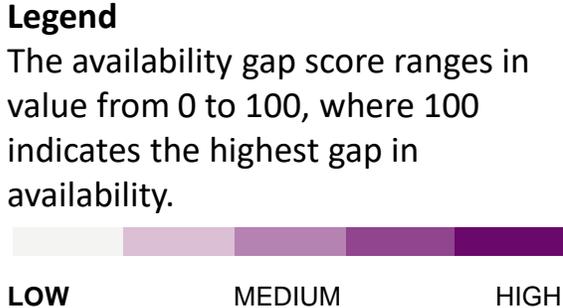

Access and Quality of Service

26% of statewide survey respondents reported that their internet service is not good enough to meet their household's needs.

59% of municipalities in the Berkshires have little or no competition in the broadband market.

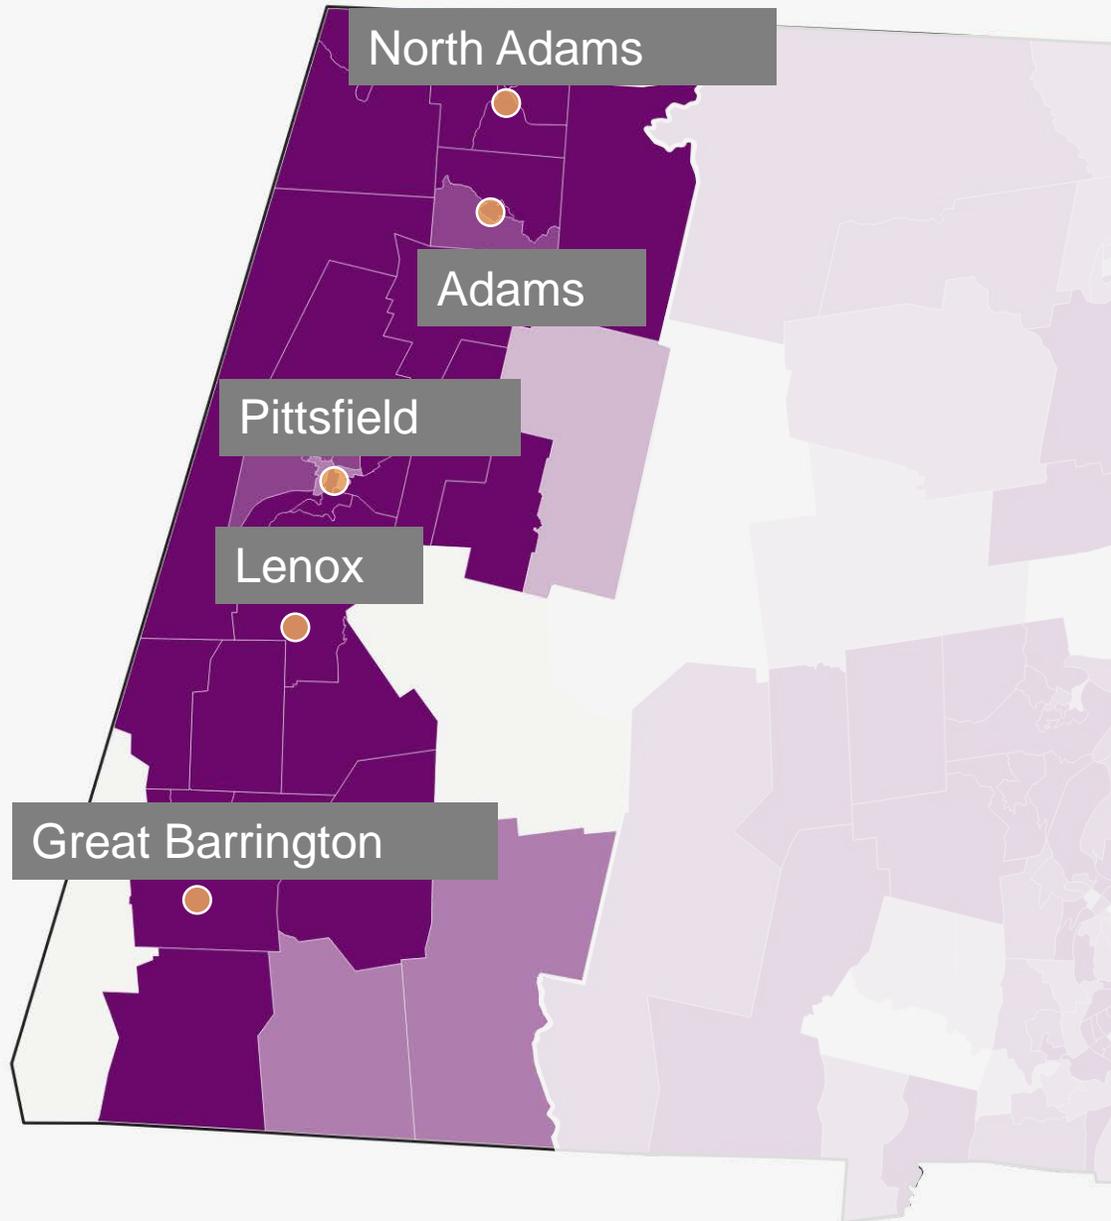

Note: The availability gap score is comprised of three scores: 1) average upload speeds, 2) average download speeds, and 3) percent of the population (2021) not using internet at 100/20 megabits per second. This metric does not capture infrastructure. Sources: ACS 2017-2021, 5-year estimates and Ookla speed tests.

Access and Quality of Service

In the Berkshires, there are **~1,900 Unserved or Underserved** locations.

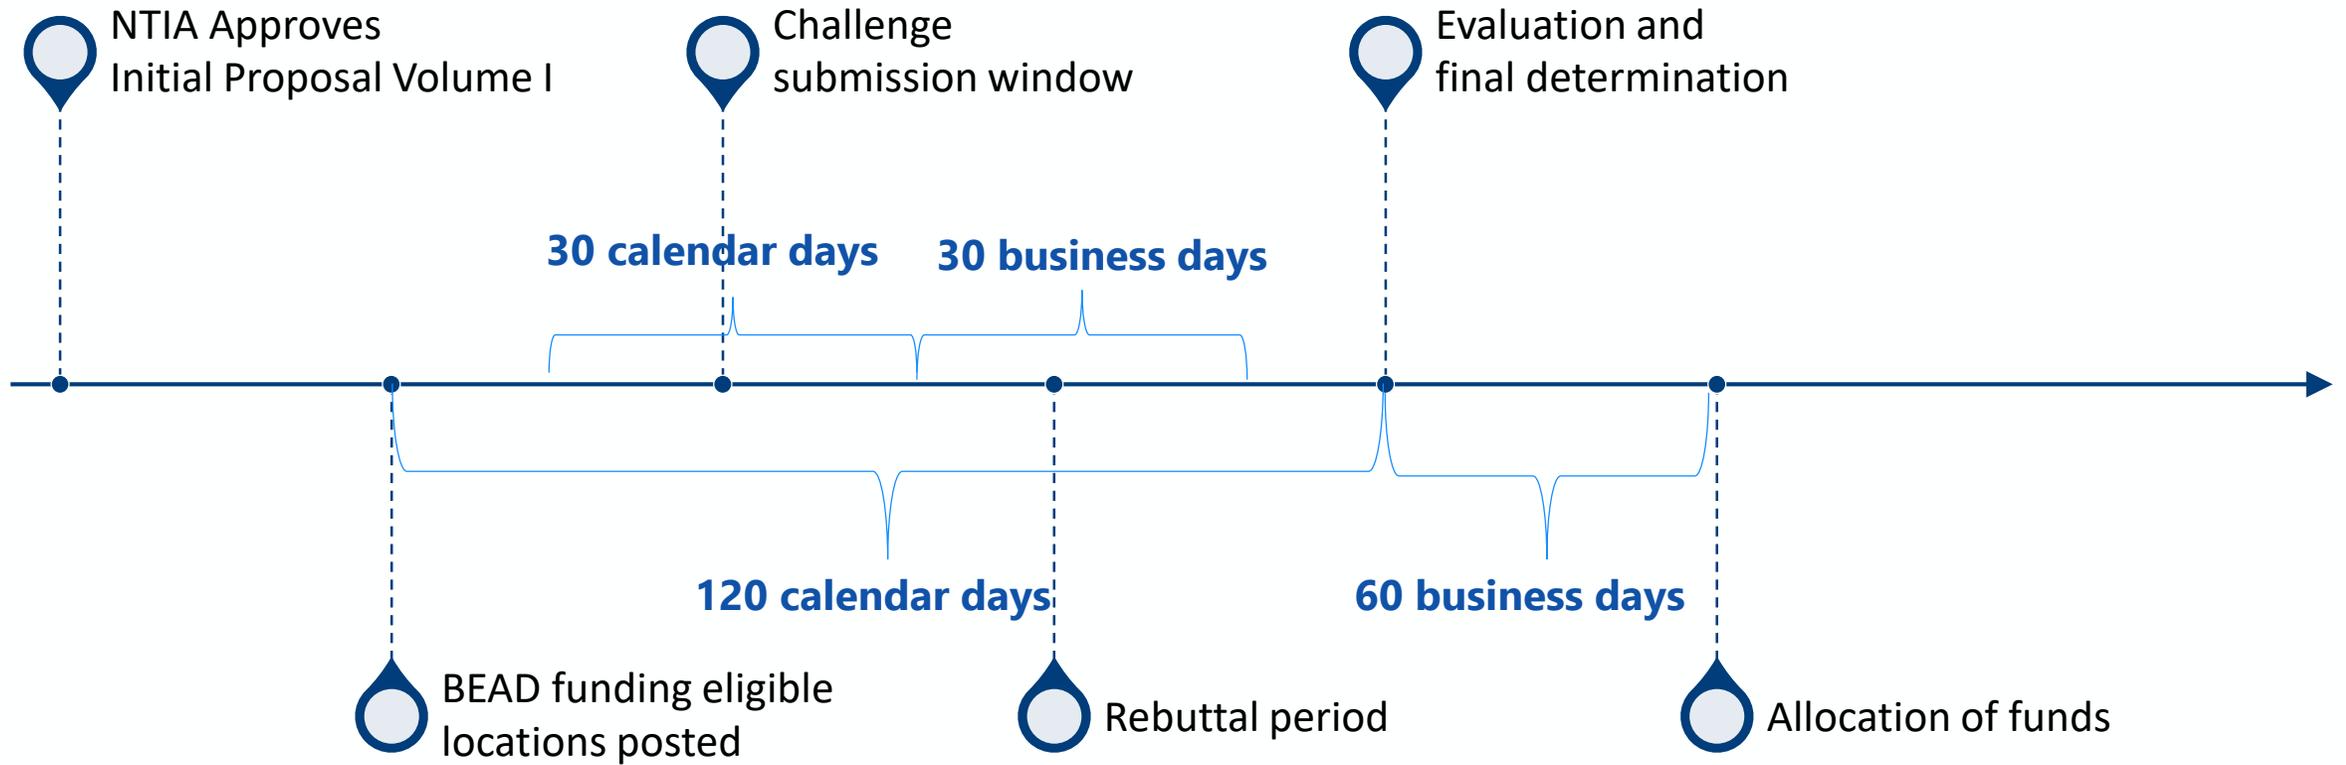

Top 5 Municipalities – Unserved Locations

Savoy	133
Florida	127
New Marlborough	114
Lee	70
Hancock	61

Top Municipalities – Underserved Locations

Florida	238
Savoy	251

Challenge Process

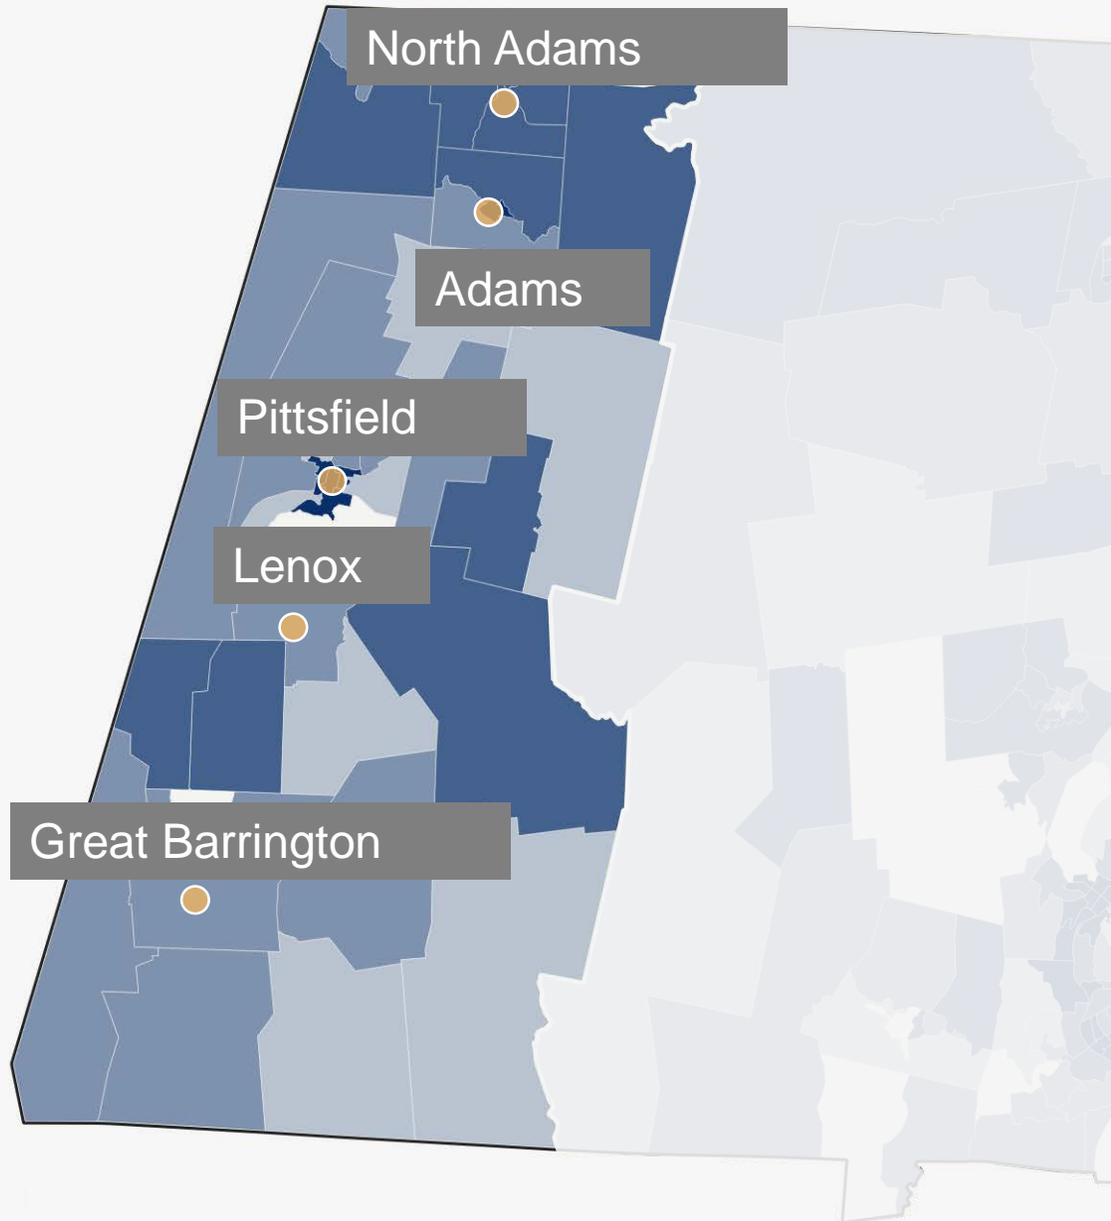

Affordability Gap

Over 1 in 3 survey respondents statewide reported having at least some difficulty paying for their internet.

The average lowest broadband plan regionwide is **\$68.50**.

Legend

The affordability gap score ranges in value from 0 to 100, where 100 indicates the highest gap in affordability.

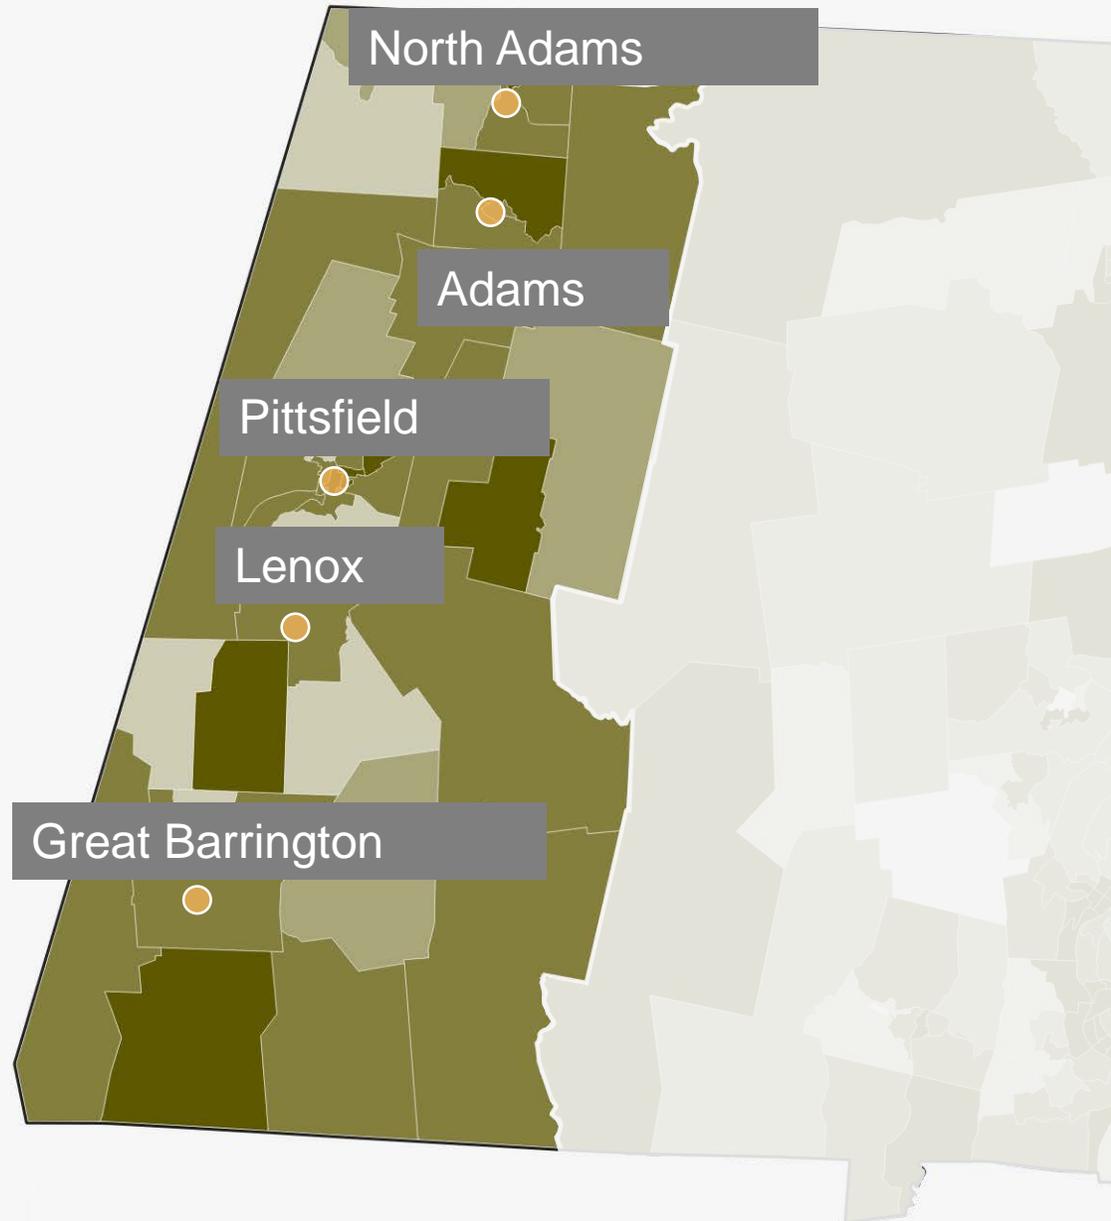

Note: The affordability gap score is comprised of percent of households in poverty. Sources: ACS 2017-2021, 5-year estimates.

Adoption Gap

In the Berkshires, adoption gaps vary across the region and are likely reflective of population specific needs.

Statewide, **nearly half** of survey respondents without internet at home cite cost as a prohibiting factor.

Note: The adoption gap score is comprised of two scores: 1) percent of homes without internet access or not subscribing, and 2) percent of homes with no computing devices. Sources: ACS 2017-2021, 5-year estimates.

Legend

The adoption gap score ranges in value from 0 to 100, where 100 indicates the highest gap in adoption.

Public Housing

Assets in the Berkshires

MBI is collecting unique assets that contribute to digital equity in each region.

***Digital equity
assets submitted to
date for the
Berkshire region***

Example Assets:

Berkshire Athenaeum at the Pittsfield Library - Free “Digital Literacy for All” series with Pittsfield Library staff, including classes on email use, the internet itself, cybersecurity, iPhones, iPads, and video chat.

Ralph Froio Senior Center - free, volunteer 1:1 instruction to seniors about computers, cellphones, tablets, and any electronic device they are having difficulty with navigating.

Supporting Internet for All in Berkshire County

Breakout Discussions

Remember the Ground Rules

Be **fully present** by not checking your phone or computer

Know when to lead versus **creating space for others to speak**

Be **open** and listen to others. Even when you disagree, suspend judgment, and look for common ground.

Recognize that **we are all approaching this process with different levels of understanding** surrounding equity and digital equity.

Respect confidentiality. What is discussed in this room stays in this room.

Breakout Rooms

We look forward to hearing from you on the topics below.

Virtual Breakout Rooms:

Please follow this [jam board link:](https://bit.ly/3PxSV9P)

bit.ly/3PxSV9P

In Person:

Staff will assign breakout group participation

Visioning Exercise

Thank you for your participation in breakout discussions. We would like to move into a visioning exercise to close out today's activity.

What does Internet for All mean to you?

Imagine it's five years in the future. The Digital Equity Plan has been a resounding success. After some initial challenges, Massachusetts's solutions are having a huge impact on the world in ways you'd never even imagined!

- Take 1 minute to scan the QR code to the right and use one word to answer the question above.

04

Closing Session

Report back

Thank you for your participation in our facilitated discussion. We want to learn more about what you heard and discussed.

**What was
discussed in your
breakout room?**

Timeline

→ Visit broadband.masstech.org for details on events and ways to get involved.

Thank you!
