

Final Gap Program

Broadband Equity Access and Deployment (BEAD) Program Infrastructure Deployment Phase

Massachusetts was awarded \$147 million through the federal BEAD Program to ensure all broadband serviceable locations (BSLs) across the state have access to high-speed, reliable broadband. This program will fund infrastructure projects to connect unserved and underserved BSLs, and enable Massachusetts to achieve 100% universal service.

Eligibility

Final Gap - Round One

- » Project service areas will be defined by municipality.
- » The following types of entities may apply for BEAD grants:
 - » Private entities (e.g., corporations, limited liability companies, general partnerships, limited partnerships, etc.).
 - » Local governmental entities (e.g., municipalities or municipal light plants that offer broadband service), Native American tribes, and non-profit organizations.
 - » Co-operatives, electric co-operatives and utilities.
 - » Public Private Partnerships, which are long-term agreements between local government entities and private entities for the delivery and funding of broadband services.
 - » Other entities that develop and/or operate broadband networks and can demonstrate the experience, capacity and financial resources and stability to satisfy the grant obligations.
